The LivingWordApp

Large Print Guide

Everything runs from the drive. Nothing to install. No internet needed.

Which way up

The drive has a small slide button on one side. Hold the drive with the slide button facing up and push it in gently. If it won’t go in, turn it over and try again.

Start on Windows

1. Plug in the drive.
2. Open the drive in File Explorer.
3. Double-click Start TheLivingWordApp.

If Windows says “Windows protected your PC”, choose More info, then Run anyway.

Start on a Mac

1. Plug in the drive.
2. Open the drive in Finder.
3. Double-click TheLivingWordApp.

If your Mac says it can’t verify the app: click Done. Open System Settings, then Privacy & Security. Scroll down and click Open Anyway. Then confirm.

The first time

1. Choose Larger for bigger text.
2. Choose Page to read like a printed Bible.
3. Press Continue on the Welcome screen.

Make the text bigger or smaller

1. Bigger: press Ctrl and +. On a Mac: ⌘ and +.
2. Smaller: press Ctrl and –. On a Mac: ⌘ and –.

When you finish

1. Close The LivingWordApp first.
2. Then eject the drive before you unplug it.

Your notes save themselves on the drive.

Help

In the app: press F1. On a Mac: fn and F1, or Help in the menu bar.
